Bro. Burkett, in last week's Advance, says:  
"Recourse was made to the statue, in fining  
our sportsmen, and thereby the village loses  
the amount of the fine. What is the use of  
having village ordinances, if they are inferior  
in such cases to the statue?" Oh my!

Wiley B. Allen, Esq., music publisher at  
Portland, Oregon, has kindly sent us a copy  
of a song recently published by him, entitled  
"The Water Mill." Music by Prof. E. Cook.  
It is a gem and we know it, for we have  
heard Prof. Cook sing it.

On Sunday evening last Elder Reese of  
Bangor, delivered a discourse at the Christian  
church in this village. Subject, "Solomon's  
Temple." It was one of the finest sermons  
ever preached in Paw Paw and those who  
heard it enjoyed a rare treat. At the same  
place on Sunday morning, Elder Roe, for-  
merly pastor of the church, now of Dowagiac,  
addressed his old friends and patrons. The  
Elder is a very nice man.

On Saturday last about six p. m. the  
Schooner Industry, of St. Joe, while trying  
to make the harbor at South Haven was  
capsized, and her master Capt. King, his son  
and one sailor, being all the persons on  
board, were drowned. The vessel was on a  
total wreck. The wind was blowing a terri-  
ble gale, and the sea was so heavy that no  
assistance could be rendered by those who  
witnessed the sad scene. Had there been  
any life saving apparatus at hand even a sur-  
boat the crew might probably have been  
saved. As it was the spectators were power-  
less to render aid, although the catastrophe  
took place but a few rods from the shore.

Sheriff Van Anken took his boarder, C. A.  
Fuller, the Mattawan seducer, out for an  
airing on Monday last. Fuller was in search  
of bail, but failed to make a raise, and still  
has his head-quarters in the cooler. The  
parties whom he relied on to befriend him,  
respectfully declined, and told him he ought  
to stay in jail. It appears as though he  
would have to.

On Monday evening last, Mrs. Jeremiah  
Teed of Decatur, attempted to cross the  
track near the depot, at that village, ahead  
of the fast express, and was struck by the  
engine and thrown violently against the  
depot, and terribly mangled. She was taken  
to her home near by but lived only a short  
time. Mrs. Teed was about 60 years old  
and for 35 years a resident of Decatur, and  
was highly respected.

Will Simmons has been taking lessons on  
the bicycle. Believing himself to have be-  
come expert enough to appear in public, he  
ventured forth on Main street on Friday  
evening last. Just as he was passing  
Bassett's store his steed became unmanage-  
able and ran into Bassett's show window,  
breaking a large pane of glass, and severely  
cutting the rider's wrist. Ten dollars will  
perhaps repair all damages and pay the  
doctor's bill.

On Thursday night last between eleven and  
twelve o'clock, our citizens were aroused  
from their quiet slumbers, by the blowing  
of the steam whistles and the ringing of fire  
bells. The occasion of the alarm was the  
burning of the stove mill of Messrs. Free &  
Martin which stood near the depot. The  
building which was only a light shell was  
soon burned to the ground. The engine was  
on hand promptly and did good work in ex-  
tinguishing the fire and preventing its spread,  
but could not be made available to save the  
mill. The owners estimate their entire loss,  
which consists mostly of damage to their  
machinery, at about one thousand dollars.  
No insurance of course, as the property was  
of the class rated as extra-hazardous and  
companies do not like to insure, nor do  
owners like to pay the rates that would be  
required. The origin of the fire is unknown,  
but it is thought it may have been another  
case of spontaneous combustion caused by  
drippings of oil in the sawdust. The mill  
will be immediately rebuilt, and the ma-  
chinery repaired. It has become an adage  
in this town that we always have three fires  
together. This is the second within a week.  
Where will lightning strike next?

Our new post-office boxes have arrived,  
and have been placed in position. Paw Paw  
can now boast of having one of the most  
convenient as well as one of the handsomest  
post-offices in the State. The boxes were  
purchased by Mr. C. C. Searles, the owner  
of the building, at a cost of \$600, and they  
remain his property. Dr. Woodman pays  
an increased rent for the room on account  
of the improvement. Mr. Searles will also  
repair and paint the room in good style. The  
Dr. is performing the duties of his new  
station in a very creditable manner indeed,  
with the aid of his gentlemanly and lady-  
like assistants. We know of only one per-  
son, an old antiquarian who evidently thinks  
all things should remain as they were in our  
grandfather's days, who finds fault with the  
new office. He reminds us of a story we  
once read, about a certain traveling Jew who  
was quarrelling with a hackman about the  
price charged for taking his trunks to the  
depot. A bystander inquired of the Jew how  
much the hackman charged and was told  
twenty-five cents. Why, said the inquirer,  
that is not an exorbitant charge, what are  
you kicking about? O, returned the Jew,  
de price is all right, I find no fault mit de  
price, but I always kicks.

After one year of satisfactory service with  
the Congregational church at Lawrence, Rev.  
O. N. Hunt tendered his resignation for a  
more extended field of labor. Mr. Hunt is a  
man of superior ability and a sterling christian  
gentleman, and the church is fortunate  
indeed that secures his pastoral services. He  
leaves many warm friends among those who  
have listened to his faithful teaching in Law-  
rence and vicinity.

J. M. RIDGON,  
EATON BRANCH,  
HENRY MAINER,  
Church Trustees.

CRETE, NEB., May 23.  
This pleasant little city is situated in the  
valley of the Big Blue, and is a flourishing  
place of about 2,300 inhabitants. The tim-  
ber along the lower banks of the Blue has  
been cut away for two or three miles, and  
the young growth is immense. The same  
may be said of Crete itself, for it has not yet  
reached its eleventh birthday, but has ar-  
rived at the dignity of a full grown city,  
minus only street cars and telephones. Not-  
withstanding the cold rains the country looks  
well. Spring opened early and spring work  
was quite generally finished before the rains  
began. Although we have had several light  
frosts, the prospect for fruit of all kinds is  
fine. Like most other prairie countries their  
principal crop is corn, small grains not do-  
ing as well as on timbered land, although  
oats and barley are raised to some extent.  
Our principal method of fencing is with  
hedge or barbed wire, and occasionally with  
cornstalks. Cornstalk fences are made by  
stretching stout cord or fine wire at top and  
bottom and the stalks being cut to a length  
and woven in between. It makes a unique  
and quite durable fence, lasting for two or  
three years. M. W. L.
